

VINCI Concessions

STUDENT TRAINEESHIP/PLACEMENT

VINCI Concessions

Being both, developer of new concession projects and operator of a unique concession portfolio at the same time, plays an impelling role in the implementation of the integrated business model of VINCI.

Due to the know-how in the domains design, financing, construction, operation and maintenance, VINCI Concessions is in France as well as in other countries a preferred partner of the public sector for the development and the operation of transport infrastructure and other public facilities (Public Private Partnerships).

VINCI as the worldwide biggest construction and concessions group covers the whole spectrum of construction services: VINCI Energies is one of the leading service contractors in the domain of energy and information technology, EUROVIA is one of the biggest companies for road construction worldwide and VINCI Construction is number one in France as well as one of the leading contractors in the construction industry in the building, civil and hydraulic engineering and also the service sector.

To strengthen our Project Development Team for Eastern Europe, we are looking for a Student/Trainee based in Berlin or Paris
