LUT University is one of the top 350 universities in the world. Recently LUT was also ranked among the top 11 best small universities across the globe. The LUT community shares a certain attitude and state of mind. We do things differently. We look at things from unexpected perspectives, we question, and we search for solutions.

**LUT has served** as a forerunner – combining technology and business – ever since our inception in 1969. Our international community is comprised of 6,500 students and experts engaged in scientific research and academic education.

**Clean energy, water and air** are life-giving resources for which we seek new solutions with our expertise in technology and business.

**We help** society and businesses in their sustainable renewal. We are one of the world's top 10 universities for climate action.

We also offer to study Massive Open Online Courses (MOOC) free of charge to get familiar with how to study in LUT before coming to LUT Summer School and feel how to be a part of our Green Campus.

To sum it up, the LUT Summer School roadened my view of the daily world, challenged me at times both intellectually and socially, gave me more confidence, introduced me to amazing new people and made me even more determined to complete a Master's Programme in the future.

**Sanwar Tagra**  
BML Munjal University, India

The classes were challenging yet fun, the country was beautiful, the experiences were amazing, and the people I met... Well, that was my favorite part. LUT was an amazing opportunity that I wouldn't change.

**Sofia Reppucci**  
University Massachusetts Dartmouth, USA

Even though Finland is close to Denmark both culturally and geographically, the LUT Summer School was a truly international experience offering me a new outlook on the world. The LUT Summer School is highly recommendable!

**Herle Bagh Juul-Nyholm**  
Technical University of Denmark, Denmark

Lappeenranta Campus  
Yliopistonkatu 34  
53850 Lappeenranta, Finland
